

**COME TO STUDY AT THE  
ESTONIAN ACADEMY OF SECURITY SCIENCES!**

**SISEKAITSEAKADEEMIA**  
ESTONIAN ACADEMY OF SECURITY SCIENCES

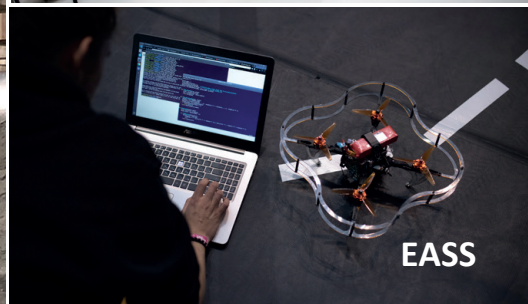

## ESTONIAN ACADEMY OF SECURITY SCIENCES

- The EASS is a unique higher education institution in Europe where one can major in all spheres of internal security.
- The academic structure of the EASS includes four colleges as the main academic units: Police and Border Guard College, Rescue College, Financial College, and the College of Justice as well as the Internal Security Institute (Master's curriculum).

## INTERNATIONAL MODULE AND STUDENT EXCHANGE

- The EASS has worked out a specific module for all Erasmus+ students obtaining a degree in the field of internal security.
- The International module comprises subjects taught in a foreign language, and the subjects cover the entire field of internal security and give the foreign students an excellent opportunity to study together with our Estonian students and integrate into the social community of the EASS.
- We pay a lot of attention to the development of learning methodologies and innovative approaches. Our new building is a perfect example of how modern technological solutions such as virtual, augmented and hybrid reality training environments boost the learning and training experience.
- Managing smaller groups of students allows us to adopt a more personal and systematic approach that you don't see in large universities.
- At the EASS, we implement a tutoring system which means that our cadets help the exchange students upon their arrival, during their stay here and with their integration into our community in general.
- The exchange students of the EASS can stay at our student residence. The dorm rooms are renovated and provided with all the necessary equipment.

# SUBJECTS

The International Module at the Academy consists of several subjects from the curricula of our four colleges and subjects especially designed for the module.

## THE INTERNATIONAL MODULE HAS THREE BLOCKS:

### 1. Culture, language and communication in the field of internal security

- Professional English
- Estonian Language and Culture
- Russian for Beginners
- Cultural Intelligence. Customs, Cultures, Ethnicities
- Personal Development Program

### 2. Studies of internal security and safety

- Accidents Prevention
- National and International Disaster Management
- Geo-Information in Civil Protection
- Drone Operations
- Cross Border Cooperation
- Cyber Security
- Human Trafficking and Smuggling
- Surveillance Activities and Communicative Skills in Prison
- Functioning of Legal and Illegal Markets
- Management of Innovation in Internal Security Sector

### 3. Comparative practical studies

- Fitness Training
- Operational and Tactical Level Incident Management
- Weapon Study
- Practical Studies of Internal Security
- Self defence

This is not a full list of subjects. Please find the confirmed list of subjects here: <https://www.sisekaitse.ee/en/subjects-in-English>

## CULTURAL PROGRAMME

### Orientation Week

Together with three universities, a mutual Orientation Week is organised annually. "Welcome Week" is a five-day event, during which you will have 16 hours of Basic Estonian, receive valuable information about Estonia and the Academy, meet local and foreign students, get acquainted with Tallinn, Estonia and our culture.

### Activities and Fieldtrips

- international dinner
- visiting the various locations of the Academy
- ESN trips to Lapland and Russia
- Academy's student parties
- sporting events.

## ADMISSION

- First, the International Exchange Coordinator of your home university should send the names and contact details of nominated students to the Erasmus Coordinator of the EASS (erasmus@sisekaitse.ee)
- Once you are nominated, you will need to fill in the Application Form and Learning Agreement
- We will also require a copy of Language Certificate - your level of English must be at least B1
- The Erasmus Coordinator will conduct a short Skype interview with all the applicants

Please find more information here:

## FACTS ABOUT ESTONIA

OFFICIAL NAME:	Eesti Vabariik
TOTAL AREA:	45,227 km <sup>2</sup>
POPULATION:	1,331,000
CAPITAL:	Tallinn
OFFICIAL LANGUAGE:	Estonian

## DID YOU KNOW THAT ESTONIA...

- is an e-society, with electronic ID-cards, e-government, e-health, e-school, e-parking etc.
- is Europe's start-up hot-spot! As a result, Estonia has more successful start-up companies per head than in any other country in Europe, e.g. TransferWise, CrabCAD, Fortumo etc.
- is the home of Skype - the Skype software was developed by four Estonian engineers.
- was the first country in the world to introduce online political voting.
- is extremely well educated, with one of the highest literacy rates in the world.
- is also the only Eurozone nation to run a budget surplus. Voted as the best-performing economy in Europe.
- is one of the safest countries in the world.
- is blanketed in WiFi or wireless internet hotspots – from long-distance buses to cafes, pubs and even some shops and public areas- WiFi is everywhere.
- has over 1500 islands, 1000 lakes and 7000 rivers.
- is small, but not the smallest country in Europe. The population of Estonia is 1,3 million.
- capital is Tallinn and it has a beautifully preserved medieval Old Town. It has been on UNESCO's List of World Heritage Sites since 1997.
